## WEST RUTLAND SCHOOL BOARD

### IN MEMORY

IN MEMORY OF SCOTT SENECAL, WE THE  
CLASS OF 1979 DEVOTE THIS PAGE OF OUR  
YEARBOOK.

THE MEMBERS OF THE WEST RUTLAND HIGH SCHOOL ARE: John Bloomer, Margaret Pluta, Charlene Davis, Steve Wright, Earle Goodrich, Jr.. Due to Mechanical Difficulties we do not have a formal picture of the West Rutland School Board. For this we are truly sorry and would like to acknowledge them by this page.

## SUPERINTENDENT'S MESSAGE

The motto, "The Point of No Return," chosen by the graduating class of 1979, is a most appropriate one.

You, young adults, realize that once you graduate from West Rutland High School, you will be at a point of no return. As a pilot cannot return to the base of operations because of that point of fuel consumption, you cannot return to childhood because of your maturity brought about by your many experiences.

You understand that living your future life to its fullest is not a childish matter.

To be successful as an adult, you must set acceptable goals for yourselves. Each goal will be unique with each individual.

At times, your flight through life may be bumpy and you may be blown off course. You may have to work strenuously with your physiological/mental facilities to keep going in the right direction, but your maturity and your understanding of life will see through to the end.

I wish you all tranquillity, happiness and success with your future endeavors.

## PRINCIPAL'S MESSAGE

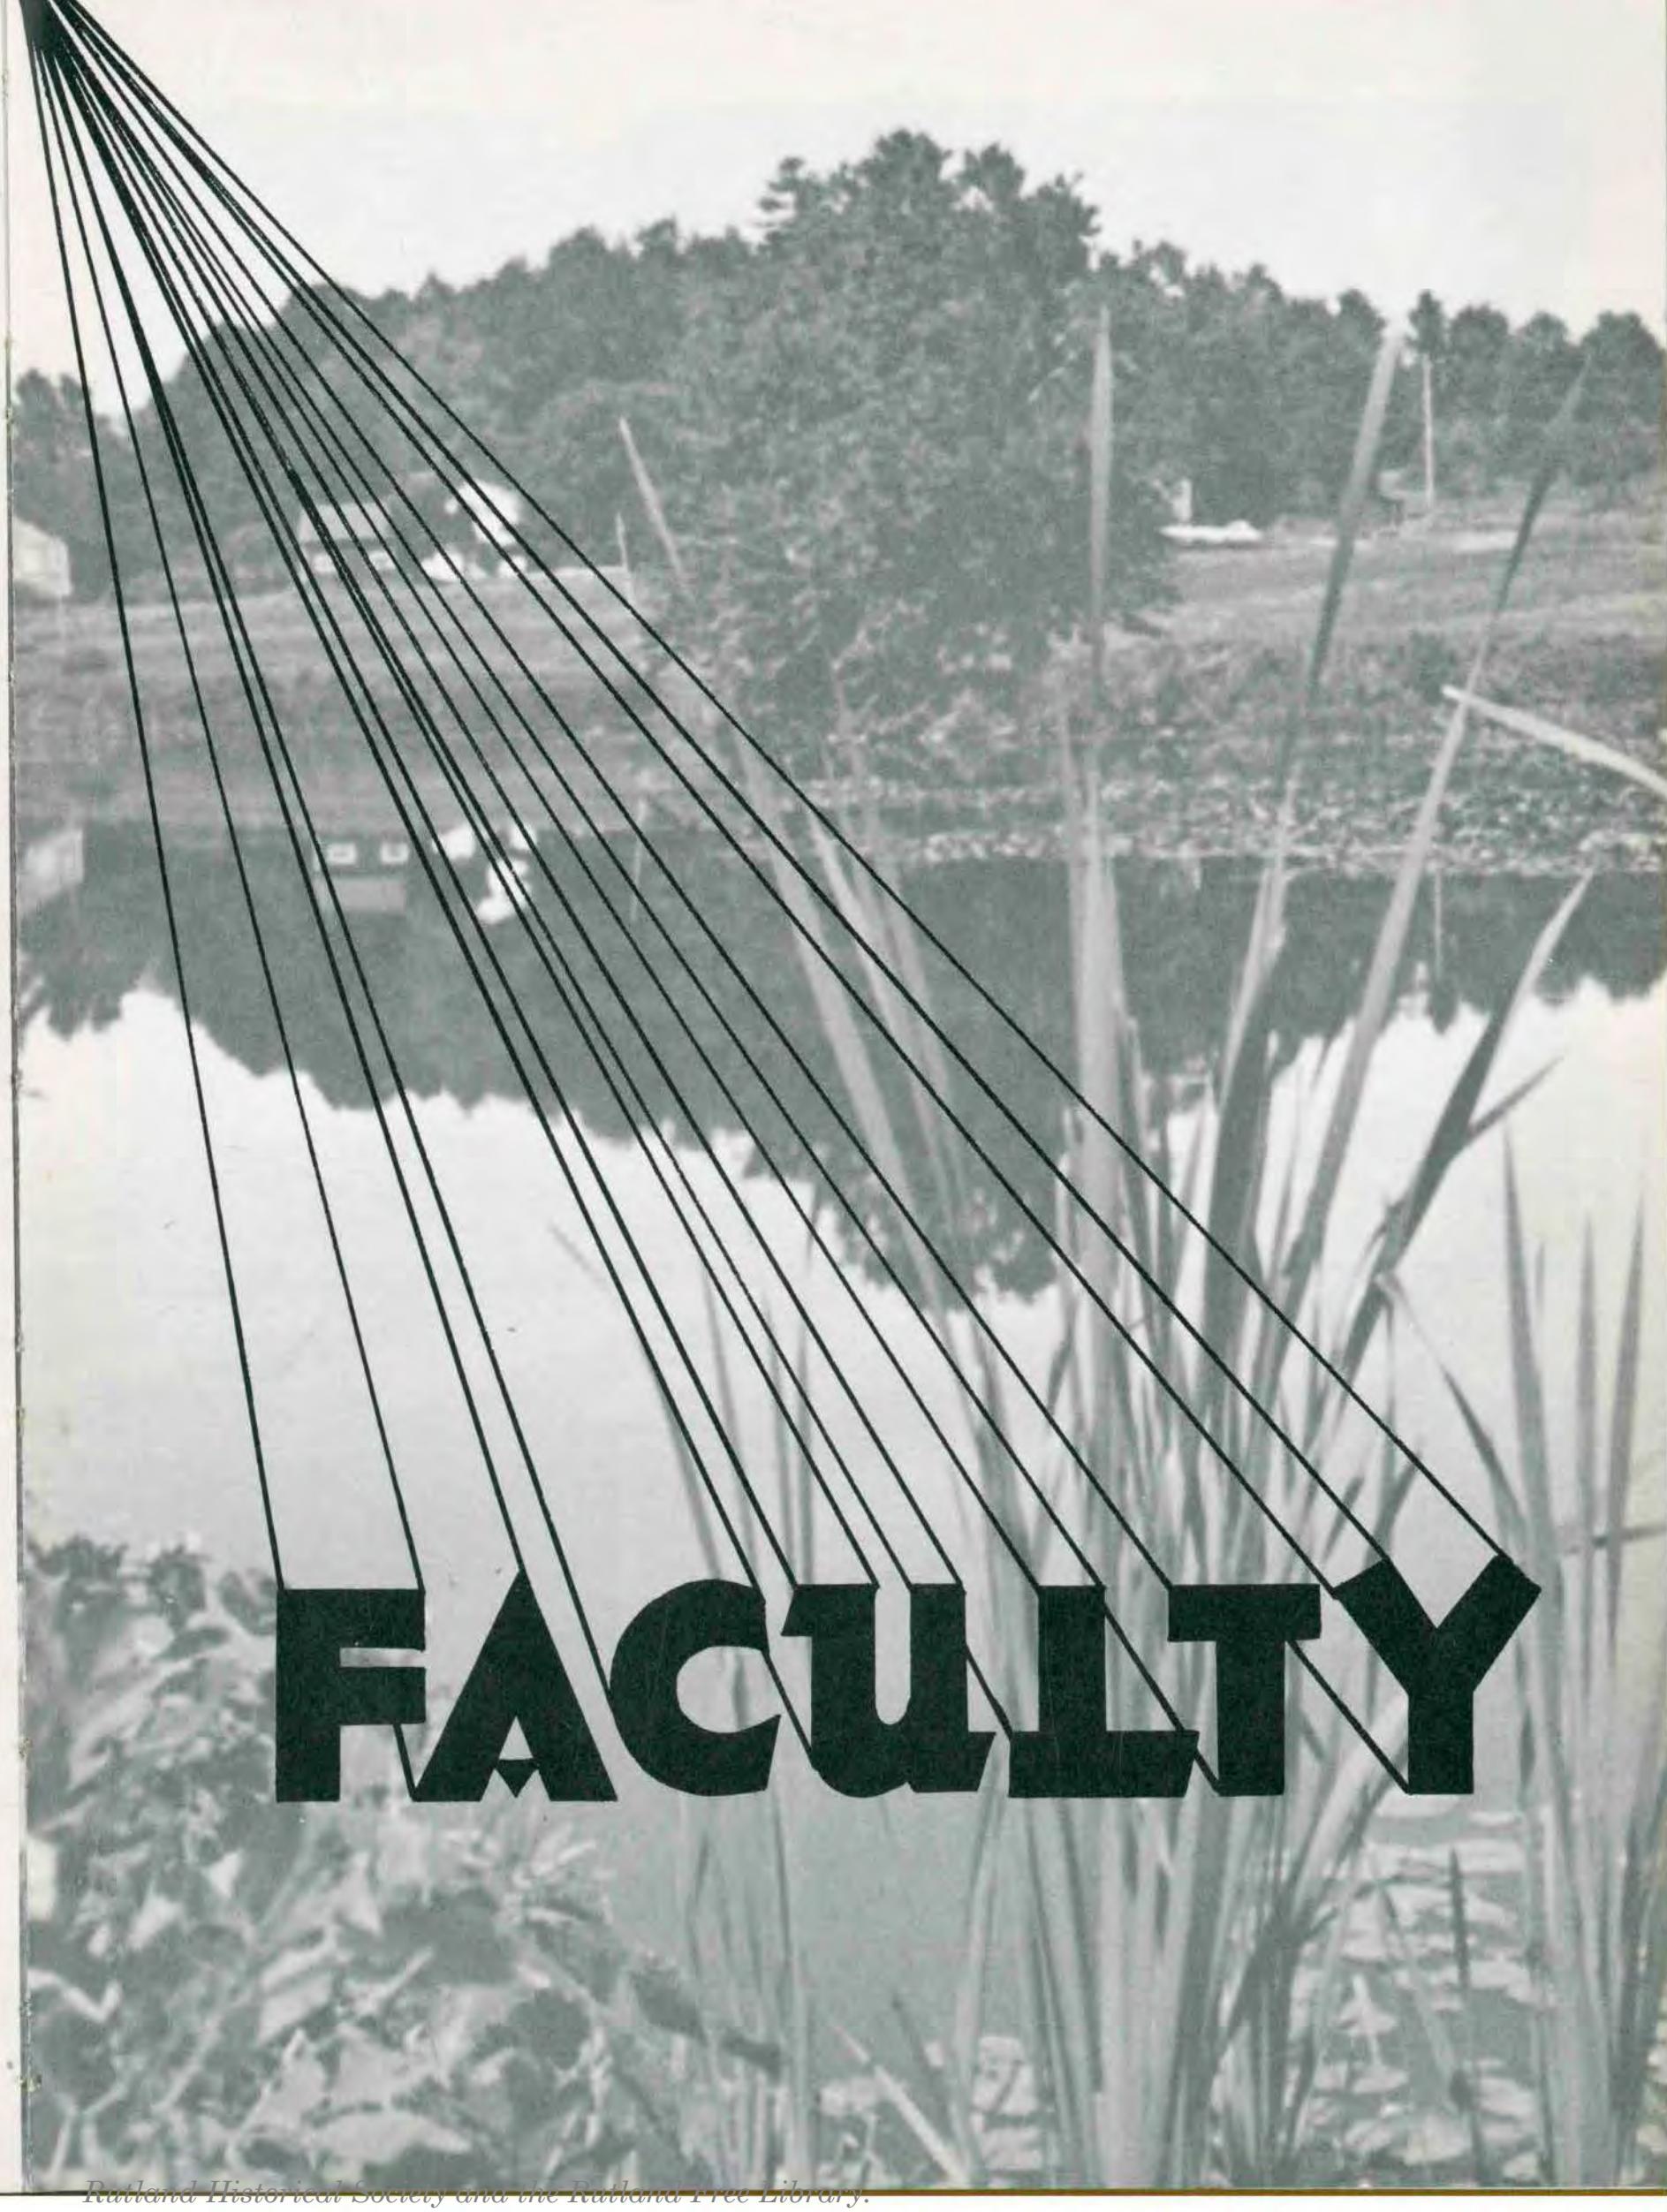

Not long after your graduation from West Rutland High School, you will be confronted with what possibly may be the most important decision of your life: What road to take that may decide what your future will be -- armed services, immediate employment, further education, housewife?

Hopefully, the knowledge and experience you have gained during your years at West Rutland High School were helpful in preparing you to make this vital decision correctly.

But, be prepared! In your lifetime, you will be faced with other important decisions. I challenge you to: (1) face the situation head on; (2) weigh both sides of the problem; (3) choose the one you feel is best; and (4) do it!

Congratulations to you, the members of the Class of 1979! May your successes continue.

## PRESIDENT'S MESSAGE

"We know what we are, but know not what we may be."

William Shakespeare

We, the Class of 1979, will soon be separated. Even though our dreams and goals have been different, we will always have special memories of the times which we've shared together.

These past years that I have spent with all of you will always remain in my mind and heart. Each of you are unique individuals with personal talents of your own. Wherever your life leads you, I hope it is a world of happiness and love, because for me, by being a classmate of yours I have already found that.

As time grows nearer for us I would like to wish the future graduating classes the happiness I have found with the teachers and students at West Rutland High School.

Lucy Kurant  
President of the Graduating Class of 1979

## CLASS PROPHECY

written by Mary Harte & Debbie Jasmon

In the summer of 1999, my maid brought in the morning mail. Among the letters was an invitation to the Class of 1979 reunion. The festivities were to be held at the Quarry Inn and Disco on the new 4-lane highway through Whipple Hollow. I jumped in my jet-propelled Corvette and headed for the reunion. When I first arrived, MARY HARTE was about to entertain us by singing her new hit single. She had taken some time out from her busy schedule at Mowie's Pumpkin Palace, a hot new restaurant. While the music roared, DIANNE HOOKER was demonstrating her new disco dance step; dancing on air with gravity shoes. She doesn't make as much noise as she used to. All around the dance floor a number of tables were set up. At the closest one to my left, sat CLAUDIA BRZOZA and GREG ROSMUS. They have become partners in the field of science. Their laboratory is situated on the peak of Clark Hill. So far their inventions haven't amounted to much, but who knows? They may even discover a cure for hiccups! Seated next to them was JACK CZARNECKI. He is now a famous millionaire. It seems his famous formula of a gas combination for cars actually works. Now in his spare time he vacuums in his resort home in the Bermuda's called "Jackson's Villa." Next to Jack, was BETSEY KULIG. She has been one of our luckier classmates. She has a very exclusive horse ranch in New Mexico & is the proud owner of 'Swamp Fire', the recent Kentucky Derby winner. BONNY PLUTA is now a personal dress designer to the once famous child stars; Quinn Cummings & Tatum O'Neil. MARK TUMIELEWICZ being the sweet, honest guy as he always was, pulled into the parking lot with his sleek Rolls Royce & attendants. No one really knows how he got to be so rich, but it sure wasn't by working at Woolworths! At the next table sat a popular group of our former classmates. Just recently the Board of Directors of the Mational Pro-Baseball League have announced the outstanding performances of the no. 1 team "Swamp Sox." West Rutland is proud to have the following guys on this team: JIM FLORY -- first base; JOHN KAPITAN -- 3rd base; ANDERS VELDE -- shortstop; & CHARLIE HUGHES as their top-notch pitcher. This team really has their act together; they've won the Pennant 3 years in a row! Professor MICHAEL J. PLUTA, as his students know him by, has just returned from his latest lecture-tour of Egypt. It seems that over the years everybody has wanted to hear about the history of Vermont. As I glanced out to the dance floor, I noticed MIKE KELLOGG & LUCY KURANT showing everyone else their latest dance routine. Lucy & Mike have taken some time out from their heavy movie-makin schedule in Hollywood. They've been named "the greatest dance couple since Travolta & Newton-John!" Next I saw JANET BROWN. She is the assistant manager of the Whipple Hollow Federal Bank. Apparently she wasn't satisfied being class treasurer for 4 years. Actually, I don't blame her; our class never did learn what the words "class dues" meant'. Seated at the corner table was DAVID BARTLETT. David just informed that he had received an award, for being the all-around Bench Warmer for the famous Boston Red Sox. But we still can't figure out how he manages 2 jobs at once.

KEVIN McMULLOUGH & PATTY BRUNO have long since become a famous duo in the music world. Kevin accompanies Patty's excellent singing on the guitar. It was a long, hard climb to the top but they finally made it & have collected many gold & platinum albums. On the other side of the room, I noticed TINA KAPITAN. After many years of hard work, she finally became New York's highest paid model. She informed me that lately she's been relaxing & throwing parties in her new estate in North Carolina. On Tina's right, sat RON ORZELL & PHYLLIS KULIG. In earlier years, they pooled their money together & bought several shares of stock in Syberia. Their accountant Mr. David Kinsman, advised them against doing this but when they discovered a heavy flow of oil on this land, he offered to share in the profit. Phyllis & Ronnie got millions of dollars out of this deal where Mr. Kinsman was thoughtfully given a loveable St. Bernard named, "Tough Luck". As it was nearing the time for our meal to be served, I found my way to my seat. On my left, sat DEBBIE BLACKWOOD. She told me that she has been a strict competitor in the world of auto-racing. When she's not out winning trophies & money, she spends her time jumping Salengo's Quarry with her stunt cycle. On my right, was DAVID BLOOMER. "Midnight Flyer" as his fans know him by, is the top disc jockey at New York City's hottest radio station. In the country's latest poll, he was listed in the top five. Our meal was interrupted by a telegram saying that Wayne has his Devils on a very important assignment & none of them can get away right now. It seems that the case contains top-secret information & must be solved immediately. Wayne and his three Devils are; WENDY POTTER, JOAN PETTY & DEBBIE FLEMING. CHARLENE GLIDDEN & KAREN BURNS have given up their titles as the world famed Irish Mafia leaders and have been teaching defensive field hockey in Ireland. PETE O'BERA & RICK DAVIS have long since been involved in the automotive industry. It seems during these years they've been trying to invent a car that runs without gas. The car is coming along ok; it's the problem of getting it to run! CHRISTINE PAWLUSIAK is the Editor-in-Chief of the "Harlequin Romance" series and attending our reunion with her is LYNN JAN-KOWSKI. Lynn has become one of the most outstanding writers in the area of romance. DAVID WALCZUK in the past few years, has been promoted in this job. Now he works full time as W.R.H.S.'s head janitor. We always thought he's be principal but I guess fate turned the other way. CHRIS CROSSMAN stuck around West Rutland all these years to see the new hospital go up. She is now the head nurse on the pediatric floor there. She really loves her work & is very happy with the selections of doctors, too. KEVIN MERRIL has settled down in the antique business since I've last seen him. His shop "Antiques Anomous" has been a huge success in the town of Tinmouth. As a matter of fact, just last week he was awarded the title "Antique King" at the national convention. He is accompanied by his lovely secretary ANDREA VELDE. LIZ MORGAN finally has arrived. Since no one had seen her in allong time we asked her what she had been up to. Liz informed us that soon after she graduated from college she got married and settled down on a farm in Clarendon, Vt. through out the years she has been busy raising her six children. She also informed us that no. 7 was on the way. DIANA PETERS through out the years has become an excellent homemaker. In her spare time she coaches her daughter Tabitha's softball team. DON DUNCHUS has long since become famous by being chosen as Mr. Universe 3 times over the years. Some people have even compared him to the once-famed "Incredible Hulk";! LYNN CECERE is new a member of the English teaching staff at Castleton State College. She settled down at this position after winning the title of Miss American with her talent, beauty and personality. Why she decided to teach at Castleton is beyond me! DWIGHT HEWITT has just arrived from Texas in his private jet. It seems that his new idea for com-

puters has recently been patented and the money just keeps rolling in. He has been quoted in Newsweek magazine, "I've got so much money I have no idea what to do with it." After he made this comment, however, he spent a year in Alaska just trying to hide from the entire female population of the United States. MIKE LaCROSSE has his own T.V. show "Carpentry in the Know." His skill in working with wood has brought him much fame & fortune. After doing Priscilla Presley's mansion over, he received a cordial invitation from the President to remodel the White House. But, unfortunately Congress got word and of the idea vetoed. DEBBIE JASMIN went on to college after high school and graduated with a degree in elementary school teaching. This career worked out fine for a while, until her doctor recommended she find a quiet, less strenuous job to calm her nerves. She now assists her father in the family funeral home and does admit it IS quiet. MIKE BURNEY now works as a sports tele-caster for a local television station. He says he really enjoys his work and his favorite coverage season is basketball. Some day he may even become as famous as Howard Cosell! JOSEPH BARTLETT & DEBRA LLOYD have long since become partners as attorneys at law. Their offices, Bartlett & Lloyd, are located on Main Street and their hours are 9:00 a.m. to 5:00 p.m. In their spare time, they assist their fathers in the floor cleaning business. All in all, they are both happy & successful in their separate lives. And, lastly, I saw JOE SERRANI, a suave, debonair gentleman step in through the door to complete our class. Who would have ever thought he would be named "one of the greatest pilots the Air Force ever had."

As the reunion comes to an end, I realize we've all changed and prospered in our last twenty years. Some of us have done what we originally planned, but it is funny to see that the others have gone on completely different ways. Hopefully our next twenty years will be even better!!

... Now for the NEXT twenty . . .

This past year the West Rutland Chapter of A.F.S. participated in a short term exchange with a group of high school students from Windham, Maine. These students visited our town and school during March of this year. From May 16 to May 23 our club ventured to Windham High School and returned with many fine memories!

You start slowly, gliding easily, breaking the silence with the soft "shhh...shhh..." of your skis as they sweep up sprays of powder at each turn. Here and there, the sun catches snow crystals, turning them to diamond dust. Ever so gently the slope steepens, drawing you into widening, flowing, sensuous arcs. And suddenly, magically, you've found the mountain's rhythm! You're flying, soaring, feeling your spine tingle, seeing the trees rush by in a blur, laughing inside at the incredible feeling of freedom and beauty and speed, laughing because you just can't believe anything in this world could be so much fun.

This is skiing—and in less time than you think, you can be doing it! The Killington Accelerated Ski Method makes it as easy as learning to fox trot. And this is Killington—60 fantastic trails on 4 interconnected mountains, a full 6-month season, heaps of beautiful snow, hosts of lodges, restaurants, nightspots, a super ski school... and the inspiration for the sentiments expressed above. For more details on the Killington ski scene, send for our free 40-page color magazine. Write: Killington Ski Resort, 375 Killington Road, Killington, Vermont 05751.

# How First Vermont Bank can help you become more likely to succeed.

At First Vermont Bank, we have two special programs we think high school graduates will find very helpful as they make their way into the world.

The first is a special checking offer for graduates: free checking for a year on our regular checking account.

It's our graduation gift to you.

The second is our Student Loan Program.

**First Vermont Bank**

First Vermont Bank: Barre, Bellows Falls, Bennington, Brandon, Brattleboro, Castleton, Chester, Manchester, Rutland, Waterbury. Member FDIC

Through it, some 1,900 students who might otherwise have found it just too expensive are attending the college of their choice... thanks, at least in part, to us.

If you'd like to find out more about these programs, stop by any of our banks. We're conveniently located, you know.

In fact, you might say, success is just around the corner.
